

Health Promotion Board

Terms of Use governing the use of the Healthy 365 mobile application.

Last Revision Date: 20 February 2026

1. Introduction

- 1.1 The Health Promotion Board (**HPB**) is a statutory body established under the Health Promotion Board Act 2001. HPB plays a primary role in Singapore's public health landscape by designing and executing a wide array of programmes and activities (each a "**Programme**" and collectively, the "**Programmes**") aimed at fostering good health and healthy living, providing health education, and facilitating the prevention and early detection of diseases among the Singapore populace. Central to HPB's initiative is the promotion of active lifestyles through public health Programmes. These are structured to motivate individuals to incorporate physical activity into their daily routines at any time and place. The Healthy 365 App (the "App"), engineered and owned by HPB, serves as a platform that empowers individuals to proactively manage their wellness and health journey by engaging in these Programmes. The App provides various features that are available for use independently of participation in any specific program (the "Features"). The App may use artificial intelligence (AI) to personalise and enhance each participant's experience, including curating, delivering push notifications and providing recommendations that support meaningful and tailored engagement with the App. Through the App and its Programmes, HPB seeks to promote health awareness and provide access to relevant information and resources. While reasonable efforts are made to ensure accuracy and reliability of such outputs, including those generated using AI, they may not always be complete or error-free. Participants are encouraged to actively engage with the App and to exercise their own judgement when making decisions relating to their personal health and wellbeing.
- 1.2 Please read the following terms and conditions carefully before using this App. These Terms of Use apply to the use of the App as well as any Features on the App, and any Programme. Unless the context otherwise requires, when we refer the App in these terms and conditions, it includes your use or access of any Features. By accessing or using the App and/or participating in a Programme, you agree to be bound by these terms and conditions as they may be modified and/or amended from time to time. HPB reserves the right to change these terms and conditions at any time at its sole discretion. Amendments shall take effect immediately when posted on the App. Your continued use of the App and/or continued participation in a Programme thereafter represents your agreement to any such amendments. Information may be changed or updated without notice. HPB has no obligation to update information presented on the App, so information contained herein may be out of date at any given time. HPB may also make improvements and/or changes in the products and/or Programmes described in these Terms of Use, including releasing updated versions of the App, at any time without notice.

1.3 Under these Terms of Use, the terms:-

- (i) 'we,' 'us,' and 'our' refer to the HPB.
- (ii) 'You' and 'your' refer to you as a) the user of the App, b) where applicable, a participant in any Programme, or c) where applicable, your obligation as a Primary Account holder (as referred to in clause 2.3.1).

2. Healthy 365 Account

2.1 In order to enjoy the features of the App and the Programmes, you will first need to create a Healthy 365 account via the App. Following successful creation of an account, you will be able to access information, use the App, and take various actions like participating in a Programme and access any rewards or incentives accumulated by you through the App and/or Programmes.

2.2 Creation of Account

2.2.1 You can create a Healthy 365 account on the Healthy 365 app if you are at least 15 years old and have Singpass, the digital identity for Singapore citizens and residents that provides easy and secure access to government services. Please refer to the Singpass site <https://www.singpass.gov.sg/home/ui/login> on how to register for a Singpass account.

2.2.2 As part of account creation, you are to complete the "Get Active Questionnaire" (GAQ) to declare your health status. You are fully responsible for the declaration of your health status before proceeding to participate in the programmes and activities on Healthy 365 app. It is important to keep your health declaration updated. If you are under the age of 18, you must:

- (i) obtain your parent or legal guardian's consent before creating an account on the App; and
- (ii) have your parent or legal guardian complete the health declaration on your behalf.

2.2.3 You are to note that you will not be allowed to create an account for use of the App if you have an active Healthy 365 Lite Account, the streamlined version of the App which provides a person with offline access to limited Programmes. You will not be able to log in to access the App with the Healthy 365 Lite Account. However, you can convert your Healthy 365 Lite Account to an App Account if you comply with the requirements set out in Clause 2.2. You can switch between Healthy 365 Lite and Healthy 365 App accounts a maximum of 4 times in a calendar year.

The Child Profile added by the Primary Account holder will not result in the creation of a separate Healthy 365 account for the child, and the child's access to the Healthy 365 services shall be managed solely through the Primary Account holder's Healthy 365 account.

2.3.2 The Primary Account holder assumes full responsibility for monitoring and controlling the child's use of the Healthy 365 services and for any activities conducted through the Child Profile. The Primary Account holder must ensure that the information and Programmes accessed through the Primary Account holder are appropriate for the child. Additionally, it is the responsibility of the Primary Account holder to ensure that their child is physically fit and healthy to participate in the Programmes. In the event of any breach of the Terms of Use by the child, the Primary Account holder agrees that HPB may pursue legal recourse against the Primary Account holder.

2.3.3 The Child Profile shall be suspended when the child is 15 years old. Thereafter, the child will need to register for their own account in accordance with clause 2.2 above.

2.4 By using and/or accessing the App, including registering for an Account, you represent and warrant that all information provided by you is true, accurate, current and complete to the best of your knowledge and belief.
